Non-Residential land development application fees will be based on a peak daily flow as derived from the Pennsylvania Code Title 25 DEP § 73.17. Clients must pay all fees to the municipality or local agency. All fees must be paid to WILLIAMSON SEO LLC by the municipality or local agency.

Municipalities or local agencies must designate "WILLIAMSON SEO LLC" EIN: 41-2542728 (Eric Williamson PASEO Certification #04226) as either the Primary or Alternate SEO in order to review/approve/deny/revoke permits and planning modules on behalf of the municipality or local agency. Aerobic, Spray/Drip field, Pressurized, Experimental, and other alternate Systems will be addressed on an "as required" basis. **I am qualified on a variety of these alternate systems!!!**

Discounts may be applied for veterans and first responders based on individual discretion.

¹Application fees are due whether approved, denied, or revoked.

² Does not include preparation/digging, water supply, or pre-soak requirements

³ Add mileage to/from site each trip

⁴ Websoil survey and flood plain risk map required for each parcel for every permit application
